Important Safety Instructions:

- This portable luminaire has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug. Do not attempt to defeat this safety feature.
- These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture.
- This fixture has been rated for up to one (1) 60-watt maximum TYPE A standard incandescent light bulb (not included) or one (1) 13-Watt compact fluorescent light bulb (not included) or one (1) 9-watt SBLED light bulb (included). To avoid the risk of fire, do not exceed the recommended wattage.
- Use with approved West Elm Shades only, having a minimum opening diameter of 3-1/2 inches and a minimum lamp-to-shade spacing of 2-1/2 inches
- This lamp is meant for indoor use.
- Save these instructions.

WARNING:

- To reduce the risk of fire, electrical shock or personal injury, always turn off and unplug the light fixture and allow it to cool prior to replacing the light bulb.
- Do not touch bulb when fixture is turned on. Do not look directly at lit bulb.
- Keep flammable materials away from lit bulb.

Pre-assembly:

- Remove all parts and hardware from box along with any plastic protective packaging.
- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.

Parts Included:

(A) Socket Ring (1)
(B) Glass Shade (1)
(C) Socket (1)
(D) Lamp Body (1)
To Assemble:

1. Unscrew the Socket Ring (A) from the Socket (C).

2. Place the Glass Shade (B) onto Socket (C). Secure the Glass Shade (B) in place by turning the Socket Ring (A) in a clockwise direction until tight.

3. Insert the specified light bulb into the Socket (C). DO NOT EXCEED THE SPECIFIED WATTAGE.
If needed, gently and appropriately insert the USB devices on the side of lamp base until secure. 
USB power output interface for IPAD/IPHONE charge. The output maximum is 5V/2A.  
Note: There is one USB Port on the fixture base, which can be used for recharging USB devices. Do not overcharge.

FCC COMPLIANCE:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

IC COMPLIANCE:
This Class B digital apparatus complies with CAN ICES-005 (B) / NMB-005 (B).

Care instructions:
- Wipe clean with a soft, dry cloth or static duster.
- Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture’s finish.
