F

allen key  1x
Do not throw away packaging materials until assembly is complete.

Assemble this item on a soft surface, such as cardboard or carpet, to protect the finish.

Tools required:

- headboard
- footboard
- bedsides (2x)
- center support
- center leg (3x) (cal king, king, queen and full sizes only)
- corner support (8x)
- corner leg (4x)
- bedslats (cal king, king, queen and full sizes have 2 sets. twin size has one set.)

708689/7086846/7086218/70865798/6281388/7086903/7002991/7002868/7329410/6957922/6957914/6957898/6957856/7329188/7870009/7869944/7868805/7868615 - 03/07
1. Attach corner support to the feet using bolt (A), lock washer (D) and metal washer (C). Align hardware as shown.
2. Insert the bedsides in the head and footboard as shown. The holes on the inside of the bedframe are to be positioned on the the top side.
3. Attach corner supports with feet to bed frame using bolt (B) and lock washer (D).
4. Turn the bed upright. Attach corner support to the footboard of the bed using bolt (B) and lock washers (D).
5. FOR BED FRAME WITH HEADBOARD:
   Attach headboard now. Follow mounting instructions included with the headboard. Then move to Step 6.

FOR BED FRAME WITHOUT HEADBOARD:
Go directly to Step 6.

6. Attach two remaining corner supports to the bed frame using bolt (B) and lock washer (D).
7. FOR CAL KING, KING, QUEEN AND FULL BEDFRAMES ONLY:

Insert bolt (B) and lock washer (D) through pre-drilled holes in center support and into center legs as shown. Tighten with allen key (F).
8. FOR CAL KING, KING, QUEEN AND FULL BEDFRAMES ONLY:

Align center support in bedframe and attach with screws (E) as shown.
8. Install slats. Position the beds slats as shown. There are stoppers attached at each end of the bed to prevent the beds slats from moving. If you are unable to fit the slats easily, we recommend that you unscrew the midbeam from the foot and headrail (as shown in step 7), set the slats in place, and rescrew the midbeam to the foot and headrail. The fit is tight to ensure that the slats are firmly in place.

CARE INSTRUCTIONS.
Hardware may loosen over time. Periodically check that all connections are tight.
Wipe with a soft, dry cloth. To protect the finish, avoid the use of all chemicals and household cleaners.
