! Do not throw away packaging materials until assembly is complete.
! Assemble this item on a soft surface, such as cardboard or carpet, to protect the finish.

A  
long bolt: 1/4" dia x 1/2"  12x

B  
metal washer  12x

C  
allen key  1x

D  
lock washer  12x
1. Aligning the legs with the supports underneath the seat, insert bolt (A) with lock washer (D) and metal washer (B) through pre-drilled holes in legs into pre-drilled holes in supports as shown. Tighten using allen key (C).
2. To attach, slide wheel onto wheel axle as shown. Turn and tighten by hand.

CARE INSTRUCTION

Hardware may loosen over time. Periodically check that all connections are tight.

Wipe with a soft, dry cloth. To protect finish, avoid the use of chemicals and household cleaners.
