Tools required:

- Do not throw away packaging materials until assembly is complete.
- Assemble this item on a soft surface, such as cardboard or carpet, to protect finish.
- Proper assembly of this item requires 2 people.

Hardware

A
Screws #6 x 22mm  X24

B
Screws #8 x 50mm  6x

C
“L” Plate  X2

D
Rectangular Plate  X3
1. Lay headboard face down on carpet or clean cardboard surface. Attach “L” Plates (C) to the headboard and secure them with screws (A) using Philip screw-driver.

2. Align the holes in the triangle blocks with the holes on the headboard. Attached the triangle blocks to the headboard and secure them with 2 screws (B) for each block.
3. Attach the headboard to the Corner leg platform bed frame and secure with 3 screws (A) for each side.
4. From the backside, secure the triangle block to the bed frame using the Rectangular Plates (D) and 4 screws (A) for each plate.

5. Make sure to install all screws as shown in the drawing. 2 screws in the block and 2 screws in the bedframe per rectangular bracket (D).

CARE INSTRUCTIONS
Hardware may loosen overtime. Periodically check that all connections are tight. Wipe with a soft, dry cloth. To protect finish, avoid the use of chemicals and household cleaners.
